

You can help protect your family and property from storms

Things you can do AFTER a storm

- Keep listening to your local radio station for information, updates and advice
- Check your house or property for damage
- Stay clear of creeks, drains, causeways, gutters, streams, fallen trees or powerlines and any damaged buildings
- Check to see if your neighbours need help
- Do not go sightseeing as this may hinder recovery efforts or put yourself and others at risk
- For emergency help call the NSW SES on 132 500

FOR EMERGENCY HELP IN FLOOD,
STORM AND TSUNAMI CALL

132 500
